DESIGNED FOR GREATNESS

LAUNCHED IN THE HEARTLAND

Made in Kansas with 100% US-based corn, spring water and all-natural ingredients. We take great pride in ensuring the highest quality product from the moment the seed goes in the ground. The result is an exceptionally smooth vodka.

DISTILLED IN SMALL BATCHES

Each of our vodkas is distilled in 500-gallon batches, carefully crafted from growth to harvest and distilling to bottling. We utilize a custom-crafted, two-column pot still to ensure every spirit is crafted for maximum drinkability.

FILTERED 6 TIMES

Our filtration leads to a crisp finish that's smooth and refreshing. All of our vodkas are balanced, clean and versatile enough for any cocktail yet enjoyable all on its own.

INFUSED WITH ONLY THE GOOD STUFF

Our Peach-Cherry vodka is made with 100% all-natural flavoring, extracted from the oils of real fruit. **Original Greatness Vodka** is both organic and eco-friendly.

BEHIND THE GREATNESS

Troy Brooks, founder, owner and CEO, is a first-generation vodka brand owner and is proof that obstacles can lead to greatness. Born in Wichita, Kansas, Troy grew up watching his father work overtime day-in and day-out to make ends meet. This is where his strong work ethic began. He then played high school and college basketball and aspired to play at an even higher level. Yet, after having to quit college due to family financial struggles, he knew he wanted his circumstances to change ... and that he was the one that had to make it happen.

While celebrating his 25th birthday, he had the idea of creating his own vodka brand. He already had the grit and the drive within him, and he set out to learn all about the distilling process, eventually partnering with a master distiller in Florida to show him the ropes.

Greatness Vodka is a result of hard work and determination and is a celebration of the greatness within all of us.
